## Benefiting Organization

Classroom Law Project helps over 24,000 students a year understand democracy. Founded on the belief that the way to preserve democracy is to teach democracy, Classroom Law Project goes into classrooms with innovative, interactive, and fun activities. By incorporating these programs in kindergarten through high school classrooms across Oregon, students learn how to be active citizens. A non-profit organization since 1983, Classroom Law Project has earmarked all proceeds toward furthering students' understanding of their role as citizens.
