## Mock Trial Three Pigs

There were many things that I liked about the Mock Trials. My first favorite thing about the Mock Trials was seeing how the jury decided the verdict. I enjoyed that because I like hearing what people think. Another thing I liked was being a witness because I got to tell part of the story. Lastly I enjoyed learning about all the people in court because before we did Mock Trials I didn't know ~~what~~ what the bailiff, attorneys or jury did.
