

# Mock Trials

Mock Trials were great! I liked them because it gets kids into the spirit of it in a fun way. I especially liked the subjects because they were familiar characters like, SpongeBob, Patrick and Mr. Krabs and on the other mock trial was Hansel and Gretel and other forest creatures. On TV they make it seem boring but it's not that boring it's better than reading about it. I was the judge for the SpongeBob SquarePants mock trial, it was fun!
