Mock Trials

I liked the mock trials. They were very fun and they really helped me learn a lot about that. I got to be the defendant for a mock trial about Spongebob Squarepants. It really helps put stuff into your head in a fun easy way that anyone could enjoy. I learned that both the plaintiff attorney and the defendant attorney can ask the same witness questions. Also I learned what hearsay is. I never thought learning about that stuff was fun until we started our mock trials.
