

# Mock Trials

5/1/08

The mock trial that my class did was The Village of Sheepfold vs. Joey Wolfeyer.

It was really fun and I would like for the students next year to experience this wonderful event.

My part in the play was judge. I loved to be judge it was so fun.

After we were done we watched the other 5<sup>th</sup> grade class do their mock trial. It was like being in a real courtroom.

Please could you let the kids next year do this because I think they will have a great time.
